ABOUT ME

I am a web developer with **1.5 years** of experience in web development. I specialize in **frontend** work, utilizing **React.js**, **JavaScript**, **Bootstrap**, **Tailwind CSS**, **Node.js**, and **MongoDB**. I actively explore new technologies and have experience in **Figma** design. I enjoy my job and quickly adapt to new learning opportunities.

WORK EXPERIENCE

01/04/2022 – 30/09/2022 Rawalpindi, Pakistan

WEB DEVELOPER INTERNSHIP ORCALO HOLDINGS

During my **6-month internship** at Orcalo Holdings, I gained valuable experience as a web developer. I designed the dashboard for the **Forster Career App** using HTML, CSS, Bootstrap, React, and JavaScript. This experience helped me gain significant proficiency in these technologies.

16/12/2022 – 30/04/2023 Multan, Pakistan

FRONT END JR.REACT DEVELOPER REMOTLY QUEPER TECHNOLOGIES

During my tenure at Queper Technology, I gained valuable experience working remotely as a junior React developer. I was selected to contribute to a significant project, **HVG Driver**, which provided me with ample opportunities to enhance my skills. Specifically, my responsibility involved successfully implementing **multi-language** functionality across the entire website, a task that I accomplished proficiently.

08/05/2022 – CURRENT Islamabad, Pakistan

FRONTEND REACT DEVELOPER AMAN INTEGRATED SOLUTIONS ISLAMABAD / UEA

- I currently work at **Aman Integration Solution** where I handle **web development** tasks and also work on **Figma designs**. At Aman Integration Solution, I've designed and developed the complete website using **React**. Currently, I'm working on the **Ministry of Culture Youth** Project where I handle **API integration** and frontend design tasks.
- I have also worked on the **Work Force Pro Project**, where I focused on both designing and development aspects.
- Designed the UI for the Tawajuid App using **Figma** for both IOS and Android versions.
