EDUCATION

University of Lagos, B.Sc Mathematics [Jan. 2018 - June. 2023]
Cumulative GPA: 4.62 / 5.00 (First Class Honors)

WORK EXPERIENCE

- Mobile and Frontend Developer

Paybuddy [Contract]

[March 2023 - Dec. 2023] Lagos, Nigeria.

 - Collaborated with a **cross-functional agile** team of software engineers on the development, and deployment of 2+ web/mobile applications
 - Successfully implemented** the user interface (UI) and user experience (UX) designs provided by UI/UX designers. This involves creating responsive and visually appealing layouts with a great user experience.
 - Collaborated with backend developers and UX designers to meet project goals and create compelling user experience.
 - Excellentlly implemented state management solutions, such as **Redux**, **Zustand**, and **React-Query**, to manage the application's data and ensure it is consistent and easily accessible.
 - Successfully conducted regular code reviews** and provided constructive feedback to ensure code quality and adherence to coding standards
 - Stayed abreast of the latest frontend technologies and frameworks**, incorporating them into the development process to enhance efficiency and maintainability.
 - Ensured seamless user experiences across various devices by **implementing responsive design principles**, and accommodating a diverse user base.
 - Employed **Git for version control**, facilitating collaboration, and ensuring codebase integrity.
 - Utilized the following technologies: **JavaScript**, **Typescript**, **React Native**, **NodeJs**, **Redux**, **Zustand**, **React-Query**.
- Frontend Developer

Letbud [Full time]

[June 2023 - Dec. 2023] Lagos, Nigeria.

 - Successfully worked with a team of 4** (two Product Designers, a Frontend Developer, and a Backend Engineer) in developing and deploying a **medium-scale real estate application and admin dashboard** for the company's subsidiary.
 - Successfully implemented** the user interface (UI) and user experience (UX) designs provided by UI/UX designers.
 - Maintained comprehensive documentation** for the frontend codebase, ensuring a smooth onboarding process for new developers.
 - Identified and resolved frontend-related** issues through **troubleshooting** and **debugging**, ensuring a high-quality end product.
 - Leveraged** cutting-edge frontend technologies, including **HTML5**, **CSS3**, **TailwindCSS**, **JavaScript (ES6+)**, and popular frameworks such as React.js, to build dynamic and interactive user interfaces.
 - Utilized the following technologies: **JavaScript**, **Typescript**, **Next**, **NodeJs**, **Redux**, and **React-Query**,
- Frontend Developer

IT 99 Solutions [Contract]

[May 2022 - Sept. 2022] India.

 - Identified and resolved frontend-related** issues through **troubleshooting** and **debugging**, ensuring a high-quality end product.
 - Successfully implemented responsive design principles**, ensuring optimal user experience across various **devices and screen sizes**.
 - Worked with a **team of 3** (a Product Designer, a Frontend Developer, and two Backend Engineer) and I maintained the user-facing of an e-commerce web application using **Reactjs**.
 - Actively participated in **agile development methodologies**, attending sprint planning, **daily stand-ups**, and retrospective meetings.
 - Participated in the full software development lifecycle, from initial concept to **deployment and maintenance**.
 - Utilized the following technologies: **JavaScript**, **Typescript**, **Next**, **NodeJs**, **Redux**, **GSAP**, and **React-Query**,
- Frontend Developer

DotEightPlus [Remote]

[May 2021 - Mar. 2022] Ekiti, Nigeria.

 - Worked with a **team of 5** (two Product Designers, two Frontend Engineers, and a Backend Engineer) in developing a **medium-scale estate management application and admin dashboard** for the company's subsidiary.
 - Successfully developed** a new version of the company's website using **Vue**, **Sass**, and **TailwindCSS**.
 - Utilized Vuex** for state management across the components.
 - Participated in **code reviews** to ensure code quality, correctness, and efficient solutions to problems.
 - Maintained an organized **workflow using GitHub**.
 - Utilized the following technologies: **Vuejs** · **Vuex** · **Sassy Cascading Style Sheets (SCSS)** · **Git** · **Tailwind CSS**
- Software Engineer, Intern

HNG [Remote]

[2021 - Oct. 2021] Lagos, Nigeria.

 - Successfully worked on difficult tasks and problems in the **two projects (Live Chat Application) and the Stack Application Clone** and also worked with new technologies like **centrifugal** and **single page application SPA**
 - Shared knowledge with **team members through knowledge-sharing sessions**, fostering a collaborative and learning-oriented environment.
 - Built the API endpoints and database models, implemented a continuous integration (CI) system, and built the user interface of the web application.
 - Designed and implemented the API** logic and flexible database models. Integrated **Cloudinary** for image uploads and **Websockets** to build a real-time admin dashboard.
 - Gained hands-on experience in **database management**, utilizing technologies like **MongoDB** and **MySQL** to ensure efficient data storage and retrieval.
 - Proficiently used **Git** for version control, ensuring a streamlined collaborative development process within the team.
 - Utilized the following technologies: **JavaScript**, **NodeJs**, **ExpressJs**, **ReactJs**, **MongoDB**, and **(Sequelize ORM)**.

SKILLS/TECHNOLOGIES

Proficient: JavaScript, Typescript, NodeJs, React Native, ReactJS, Next, Vercel, Netlify, AWS, VueJS, Redux ToolKits, Zustand, React Query, Vues, MongoDB, SQL, GSAP.

Familiar: Java, Python, Kotlin

Certifications: Udemy **ReactJS Zero To Mastery** by Andrei.
