

# SAYYAD MASROOR SATTI

## SQA Engineer

### Personal Profile

As a Software Quality Assurance Engineer at Tech Solutions, I have been a pivotal member of the QA team responsible for ensuring the delivery of high-quality software products to clients. My role encompasses a wide range of responsibilities and has allowed me to contribute significantly to the software development lifecycle.

### Work Experience

**July 2023 to October 2023**

**Alberuni Tech (Quality assurance Intern)**

**November 2023 to February 2024**

**Octaloop Technologies (Jr Quality assurance Engineer)**

**March 2024 to Present**

**Funsol Technologies (Software Quality Assurance Engineer)**

#### Test Planning and Strategy:

Collaborated with cross-functional teams to define testing objectives, scope, and strategies for various projects.

#### Test Case Design and Execution:

Designed comprehensive test cases and scenarios for functional, integration, regression, and performance testing.

#### Bug Management and Collaboration:

Maintained clear and concise documentation of defects, steps to reproduce, and resolution details.

#### Continuous Improvement:

Proactively identified opportunities to enhance testing processes, leading to the implementation of best practices and process optimizations.

### Educational History
