EXPERIENCE

Mern Stack Engineer

Crown International Technology

📅 01/2024 05/2024 📍 Rawalpindi, Pk

Crown International Technology is a leading IT company in Pakistan, providing software solutions globally.

- Developed and contributed to micro-services apps, fixed bugs, tested workflows, resolved issues, and optimized websites.

Junior MERN Stack Developer

Anchan Technologies

📅 07/2023 12/2023 📍 Gilgit Baltistan, Pk

Anchan Technologies advanced careers with mentorship and top placements.

- Delivered various projects through freelancing, designed a pharmacy system for local clients, and mentored new interns.

React JS Development Intern (Paid-Onsite)

Lamstan Technologies

📅 12/2022 03/2023 📍 Gilgit Baltistan, Pk

Lamstan Technologies serves clients with tech solutions and products.

- Selected for a react.js course to enhance javascript and react.js skills, work on real-world projects, and develop problem-solving techniques.

PROJECTS

Micro-Services App (05/2024) [🔗](#)

I have developed mern base micro-services at Crown International Technologies, including a visa appointment booking app, real-time chat, and e-Visa system.

Real Time Chat App (05/2024) [🔗](#)

A micro-services app integrated with another "Auth" app for authentication. Features includes private, group chats, and admin-controlled broadcast messages. Admin manage users, group, messages secure with hashes.

Fiverr Projects (05/2023) [🔗](#)

Completed 6 React JS, APIs projects on Fiverr, and create websites from Figma designs for French clients.

Aadmirals US Product (03/2023) [🔗](#)

A reliable US car booking site offering a wide selection of vehicles and convenient online booking at competitive prices.

Final Year Project (03/2023) [🔗](#)

My AI FYP a facial recognition attendance system for educational efficiency and deployed locally.

Final Year Project (05/2023)

Built a LMS project for classmates with node.js, express.js API integration, MongoDB atlas as database and Google OAuth services.

Shazday Dry Fruits (06/2023) [🔗](#)

I developed a MERN stack e-commerce website for a Baltistani dry fruits company, featuring user-friendly product listings, an email system for order delivery, cash-on-delivery, and an efficient order management system.
