## EDUCATION

**September 2013 – January 2018** International  
Islamic University Islamabad **BS Software  
Engineering**

## PROFESSIONAL EXPERIENCE::

**Full Stack Developer , Shaheen Foundation(AHQ)** **Sep 2021 – Present**

- **Proficient React.js & Angular Developer:** Demonstrated expertise in designing and implementing interactive and dynamic user interfaces using **React.js, Next.js, Angular, Redux, TypeScript, Hooks, Formik, React Hook Form, RxJS, React Query, Redux Toolkit, and Tailwind CSS**. Extensive experience in building dynamic and scalable Single Page Applications (SPAs) with Angular.
- **Node.js & Nest.js Developer:** Proficient in building robust and scalable backend services using **Node.js** and the **Nest.js** framework. Skilled in creating **RESTful APIs** and **GraphQL** endpoints, ensuring efficient data handling and seamless integration with front-end applications.
- **ASP.NET Integration Specialist:** Leveraged ASP.NET and MS SQL Server stored procedures for seamless integration, contributing to robust application development.
- **Database Optimization:** Expertly interfaced with **MS SQL Server** and **MongoDB**, utilizing stored procedures and advanced querying to enhance data handling and optimize database performance.
- **UI Design and Performance Optimization:** Designed and implemented reusable UI elements with Next.js for server-rendered React applications, ensuring superior performance across the entire system.

**Front End Developer , PAC KAMRA** **Sep 2020 – Sep 2021**

- Led the development of a Light Aircraft **Web-based Application** for configuration management, catering to diverse changes in aircraft specifications for various countries.
- Employed **React.js** for the front end and **MySQL** for database management Gained hands-on experience with **RESTful web services**.

**Software engineer, Infinity** **Aug 2018 – Aug 2020**

- Contributed to various projects at Infinity Branding, a leading creative agency in Islamabad.
- Successfully delivered websites, mobile applications, and desktop applications, showcasing versatility and adaptability.

**React Native Internship, Blue East** **Jan 2018 – Aug 2018**

## PROFESSIONAL ACHIEVEMENTS

- Developed a mission-critical **Office Automation system** in ASP.NET and React.js for the Pakistan Airforce, streamlining workflows and enhancing data management within the organization.
- Pioneered the creation of a cost-effective **Aircraft Configuration Management System** in React.js, effectively managing raw material calculations, resulting in significant cost savings for Pakistan Air Force projects.
- Achieved **GIS** milestones using React.js and Next.js, designing interactive maps and dashboards. Enhanced data visualization and decision-making capabilities for diverse projects, contributing to organizational success.
- Spearheaded the development of a gaming live **stream platform** similar to Twitch, integrating complex user interfaces with React.js and managing backend services with Node.js.
