

# MUHAMMAD UMAIR

WEB-DEVELOPER

## ABOUT ME

As a passionate web developer and a fresh graduate, I have two years of experience in front-end development, specializing in JavaScript and React.js. I've also gained hands-on experience working with MySQL and Python, enhancing my skills across the full web development stack. My journey has included developing projects using the MERN stack, where I have built dynamic, user-friendly applications. I'm eager to leverage my skills and knowledge in a challenging role that allows me to grow and make impactful contributions.

## WORK EXPERIENCE

- NexGen pvt (LTD)** FEB 2022 - JUNE 2023  
Working at NexGen allowed me to convert creative designs into functional code, strengthened my skills and laid a solid foundation for my journey as a developer.
- Arox Marketing islamabad** JULY 2024 - AUGUST 2024  
Working as a front-end developer intern at Arox Marketing, where I gained valuable experience in Tailwind CSS and React.js, enhancing my front-end development skills.

## EDUCATION AND TRAINING

- University of Gujrat** OCT 2020 - JULY 2024  
Bachelors in computer science

## PROJECTS

- React.js | Node.js | Express | Mongo DB**  
Built a drop shipping module for an e-commerce website, along with mini projects.
- My SQL**  
Created an airline system using My SQL database system with the help of XAMPP.
- Python**  
Created ANN model for laptop price prediction.
- Front-end development**  
Converted many figma/PSD designs into code using HTML, CSS and javascript.

## SKILLS

- Tailwind CSS
- Javascript
- React.js
- Node.js
- MongoDB
- My SQL
