SALAAM, I got into travelling from an early age and started amateur photography as a passion. With time, understanding light and angles through experiments I was able to turn my imaginations into visuals. Lately with better camera knowledge and practice, I turned this passion into a career, aspiring to be a film-making enthusiast.

As a seasoned and creative videographer, I bring a passion for storytelling and a keen eye for capturing compelling visuals. With 6 years of experience in the field, I have successfully executed numerous projects across various industries, showcasing a versatile skill set and a commitment to delivering high-quality
