

## **Beevi F abdul**

630-696-7903 • faizh3@gmail.com

### **Objective**

*Dynamite and Energetic engineering professional looking for a hands-on-experience that provides a challenging and rewarding career as QA Engineer ensuring high-level job satisfaction. In the process apart from benefiting my employer, I also expect to learn for my overall development. Looking for change in my career where my education fits my skills and values.*

### **Software Skills**

*Operating Systems: Windows 7, Windows 10, Windows 11*

*Languages: Java*

*Scripting Language: SQL*

*Testing Tools: JIRA, TestRail, TestNG, Zephyr*

*Automated Testing Tools: Selenium*

*Tools & Utilities: Ms-Office, Outlook, Excel, Eclipse, Git, LIMS.*

### **Key Skills**

- *Knowledge on Understanding and Analyzing Test Requirements*
- *Knowledge on various phases of Software Development Life Cycle and Software Test Life Cycle*
- *Familiar with Agile Methodologies.*
- *Proficiency in manual testing, writing test cases and creating test plans.*
- *Knowledge on Defect Reporting and Tracking Manually using Test Tool*
- *Familiar with Software Test Documents like Test Plan, Test Case, Defect Report, Test Metrics and Test Summary Report*

- *Developed a personal project to automate test scripts using Selenium with Java and TestNG*
- *Knowledge on Java Programming*
- *Knowledge on TestNG Testing Framework, Maven and Jenkins.*
- *Knowledge on Batch Testing, Data Driven Testing, Cross Browser Testing using Selenium.*
- *Proficiency in using Git*

## **Work Experience**

**Microbiology Assistant, Certified Laboratories, Aurora IL**

**Nov(2022-Present)**

- *Competent in collecting, receiving, labeling, and analyzing samples or substances using the correct testing equipment, when necessary.*
- *Proficient in designing and executing laboratory testing in line with standard testing procedures, recording observations, and interpreting findings.*
- *Skilled at recording all experimental data and test results accurately and in the specified format using LIMS*
- *Worked in the Quality Control team in identifying problems and resolving lab conditions.*

## **Training**

*Manual And Automation Testing at Qspiders*

## **Independent Projects**

**Manual Testing:(Ecommerce Project)**

**(2024-2025)**

- *OpenCart is a OpenSource E-Commerce Platform used to build Online stores and sell products.*

- *Able to do functional testing,Smoke testing,Integration testing,Regression testing.*
- *Identified bugs and collaborated with my team to resolve them.*
- *Documented 20+ issues and resolutions in project management tool JIRA and TestCaseManagement Tool TestRail.*
- *We have followed Agile and Scrum Framework following Test plan document,creating testcases,Bug reports,Test metrics and Test closure*

### ***Hospital Management System***

- *Designed and executed comprehensive test cases for various hospital management system modules, including patient registration, appointment scheduling, billing, and clinical documentation.*

### ***Automation Testing:(v-tiger Ecommerce )***

- *Developed and executed automated test scripts using Selenium WebDriver*
- *Created and maintained Hybrid Framework using Java Selenium and TestNG framework*
- *Integrated Extent Reports and Logs in Framework*
- *Integrated automated tests into CI/CD pipelines for continuous quality check.*

### ***Education***

*Bachelor Of Engineering  
Anna University*
