

CAREER SUMMARY

Full Stack Developer with experience building scalable web apps using Python (Django), Angular, and RESTful APIs. Adept in frontend/backend integration, responsive UI design, and database modeling. Passionate about developing robust, user-friendly solutions in fast-paced environments.

PROFESSIONAL EXPERIENCE

Full Stack Developer – Freelance / Project-Based Dubai, UAE | Jan 2023 – Present

- Designed and developed web-based systems for a transport business (AL ARFA Transport), integrating schedule Management with real-time updates using Django and MySQL.
- Built responsive, mobile-friendly UI using Angular and Bootstrap.
- Implemented REST APIs for smooth data flow between frontend and backend.
- Collaborated with internal stakeholders to gather requirements and iterate on features.

Intern – Python Developer
Softoo , Islamabad | Jun 2023 – Aug 2023

- Worked on automated essay scoring (AES) systems using Python.
- Participated in Agile sprints, code reviews, and testing cycles.
- Supported development of internal university dashboards using Django and Angular.

AI-Based Resume Screening Tool (Final Year Project) - Hitec University , in collaboration with Ignite (National Technology Fund) • July 2023 - August 2024

- Engineered an AI-based resume screening tool that reduced manual screening time by 80% through automated parsing and analysis, utilizing natural language processing techniques and integrating infrastructure with cloudbased services for scalability
