## Profile Summary

Results-driven Full Stack Developer specializing in scalable, SEO-optimized web applications using React.js, Node.js, TypeScript, and MongoDB. Adept at transforming business needs into high-performance solutions with a strong foundation in UI/UX, REST APIs, and responsive design.

Demonstrated success in launching full-stack platforms across real estate, education, and e-commerce sectors—driving user engagement and business growth. Known for clean code practices, teamwork, and continuous upskilling to stay aligned with tech trends.

## Experience

### **Sigma6 Digital — Feb 2025 – Present**

Full Stack Web Developer

- Engineered Prohomez, a real estate and home electronics platform, increasing vendor acquisition by 30% within 3 months. Stack: React, TypeScript, Redux, Node, Express, MySQL.
- Launched sigma6digital.com, showcasing core services in AI, web development, and digital marketing, improving site traffic by 45% through technical SEO and optimized performance.
- Self-hosted and deployed all platforms, reducing third-party costs and boosting loading speed by 35%.

### **EZITECH Learning Institute — Apr 2024 – Jul 2024**

Front-End Web Development Intern

- Created reusable, modular React components that cut development time by 25%.
- Enhanced user experience through responsive design using Tailwind CSS and mobile-first development.
- Applied React Router, custom hooks, and state management (useState, useEffect), improving codebase maintainability.
- Advocated for clean code and performed consistent debugging, reducing frontend bugs by 40%.

## Key Projects

[Prohomez](#) – Sigma6Digital

Built a multi-vendor platform integrating JWT authentication and role-based authorization, boosting vendor engagement.

[Sigma6digital](#) – Sigma6Digital

Developed and launched a corporate website using React and TypeScript with backend support via Node.js/Express.js—achieved Core Web Vitals compliance and faster indexing.

[Jet Replica](#) – EZITECH Learning Institute

Cloned a commercial site using React, Tailwind CSS—emphasized layout responsiveness, accessibility, and performance.

[Hepta Replica](#) – EZITECH Learning Institute

Recreated a portfolio theme with dynamic routing and responsive design, enhancing visual consistency across screen sizes.

[Django Blog](#) – University Project

Developed a blogging platform using Django and Bootstrap, implementing user auth and CRUD post management.

## Technical Skills

Frontend: React.js, TypeScript, Redux, Next.js, Tailwind CSS, HTML5, CSS3

Backend: Node.js, Express.js, MySQL, MongoDB, REST APIs

Other Tools: Git, WHMCS, SEO Best Practices, WordPress, DNS & CWP

Dev Practices: Responsive Design, Agile Workflow, Clean Code, CI/CD Basics

## Certifications

Frontend Development Internship – EZITECH Learning Institute

English for Career Development – Self-Paced MOOC (2023)
